

# MASTERCLASS IN FACIAL PLASTIC SURGERY Aesthetics And Art/Mastersymposium of Reconstructive and Regenerative Surgery 2<sup>nd</sup> International Symposium 2019 BASEL / SWITZERLAND

## Foreword

---

### Dear Colleagues

We are pleased to invite you to our joint symposium “**2<sup>nd</sup> Aesthetics And Art Symposium**” and “**2<sup>nd</sup> International Mastersymposium of Reconstructive and Regenerative Surgery**”, which will take place in Basel, Switzerland from October 25<sup>th</sup> - 26<sup>th</sup>, 2019.

The aim of our meeting is to extend our knowledge and collaborations with world-leading experts from around the world in the fascinating artistic environment of Basel. Basel has a long tradition of art and, therefore, the combination of “Aesthetics And Art” fits perfectly into the framework of this city.

A major focus of this meeting remains the face, discussing and highlighting all aspect of Facial Rejuvenation, covering invasive and non-invasive procedures, but also facial reconstruction and regeneration. However, other aspects of Aesthetic Surgery will be debated, too - including (social media) marketing, investment and research topics.

We are convinced that this joint Symposium will be a highly educational, memorable, and "not-to-be missed" event and we are very excited to meet you in Basel.

We look forward to welcoming you soon!

Prof. Dr. D. J. Schaefer  
Head of the Clinic
